S. CON. RES. 90

Whereas on June 25, 1950, North Korea invaded South Korea, thereby initiating the Korean War, leading to the loss of countless lives, and further polarizing a world engulfed by the Cold War;

Whereas in the aftermath of the Korean War, the division of the Koreas at the 38th

parallel separated millions of Koreans from their families, tearing at the heart of every mother, father, daughter, and son;

Whereas on June 13 and 14, 2000, in the first summit conference ever held between leaders of North and South Korea, South Korean President Kim Dae Jung met with North Korean leader Kim Jong Il in Pyongyang, North Korea's capital;

Whereas in a historic joint declaration, South Korean President Kim Dae Jung and North Korean leader Kim Jong Il made an important promise to promote economic cooperation and hold reunions of South Korean and North Korean citizens;

Whereas such reunions have been held in North and South Korea since the signing of the joint declaration, reuniting family members who had not seen or heard from each other for more than 50 years;

Whereas 500,000 people of the United States of Korean ancestry bear the pain of being separated from their families in North Korea;

Whereas the United States values peace in the global community and has long recognized the significance of uniting families torn apart by the tragedy of war; and

Whereas a petition drive is taking place throughout the United States, urging the United States Government to assist in the reunification efforts: Now, therefore, be it

Resolved by the Senate (the House of Representatives concurring), That it is the sense of Congress that—

(1) Congress and the President should support efforts to reunite people of the United States of Korean ancestry with their families in North Korea; and

(2) such efforts should be made in a timely manner, as 50 years have passed since the separation of these families.

S.J. RES. 12

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. CONGRESSIONAL CONSENT.

Congress consents to the International Emergency Management Assistance Memo-

randum of Understanding entered into between the States of Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, and Connecticut and the Provinces of Quebec, New Brunswick, Prince Edward Island, Nova Scotia and Newfoundland. The compact is substantially as follows:

“Article I—International Emergency Management Assistance Memorandum of Understanding Purpose and Authorities

“The International Emergency Management Assistance Memorandum of Understanding, hereinafter referred to as the ‘compact,’ is made and entered into by and among such of the jurisdictions as shall enact or adopt this compact, hereinafter referred to as ‘party jurisdictions.’ For the purposes of this agreement, the term ‘jurisdictions’ may include any or all of the States of Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, and Connecticut and the Provinces of Quebec, New Brunswick, Prince Edward Island, Nova Scotia and Newfoundland, and such other states and provinces as may hereafter become a party to this compact.

“The purpose of this compact is to provide for the possibility of mutual assistance among the jurisdictions entering into this compact in managing any emergency or disaster when the affected jurisdiction or jurisdictions ask for assistance, whether arising from natural disaster, technological hazard, manmade disaster or civil emergency aspects of resources shortages.

“This compact also provides for the process of planning mechanisms among the agencies responsible and for mutual cooperation, including, if need be, emergency-related exercises, testing, or other training activities using equipment and personnel simulating performance of any aspect of the giving and receiving of aid by party jurisdictions or subdivisions of party jurisdictions during emergencies, with such actions occurring outside actual declared emergency periods. Mutual assistance in this compact may include the use of emergency forces by mutual agreement among party jurisdictions.

“Article II—General Implementation

“Each party jurisdiction entering into this compact recognizes that many emergencies may exceed the capabilities of a party jurisdiction and that intergovernmental cooperation is essential in such circumstances. Each jurisdiction further recognizes that there will be emergencies that may require immediate access and present procedures to apply outside resources to make a prompt and effective response to such an emergency because few, if any, individual jurisdictions have all the resources they need in all types of emergencies or the capability of delivering resources to areas where emergencies exist.

“The prompt, full, and effective utilization of resources of the participating jurisdictions, including any resources on hand or available from any other source that are essential to the safety, care, and welfare of the people in the event of any emergency or disaster, shall be the underlying principle on which all articles of this compact are understood.

“On behalf of the party jurisdictions participating in the compact, the legally designated official who is assigned responsibility for emergency management is responsible for formulation of the appropriate inter-jurisdictional mutual aid plans and procedures necessary to implement this compact, and for recommendations to the jurisdiction concerned with respect to the amendment of any statutes, regulations, or ordinances required for that purpose.

“Article III—Party Jurisdiction Responsibilities

“(a) FORMULATE PLANS AND PROGRAMS.—It is the responsibility of each party jurisdiction to formulate procedural plans and programs for inter-jurisdictional cooperation in the performance of the responsibilities listed in this section. In formulating and implementing such plans and programs the party jurisdictions, to the extent practical, shall—

“(1) review individual jurisdiction hazards analyses that are available and, to the extent reasonably possible, determine all those potential emergencies the party jurisdictions might jointly suffer, whether due to natural disaster, technological hazard, man-made disaster or emergency aspects of resource shortages;

“(2) initiate a process to review party jurisdictions’ individual emergency plans and develop a plan that will determine the mechanism for the inter-jurisdictional cooperation;

“(3) develop inter-jurisdictional procedures to fill any identified gaps and to resolve any identified inconsistencies or overlaps in existing or developed plans;

“(4) assist in warning communities adjacent to or crossing jurisdictional boundaries;

“(5) protect and ensure delivery of services, medicines, water, food, energy and fuel, search and rescue, and critical lifeline equipment, services and resources, both human and material to the extent authorized by law;

“(6) inventory and agree upon procedures for the inter-jurisdictional loan and delivery of human and material resources, together with procedures for reimbursement or forgiveness; and

“(7) provide, to the extent authorized by law, for temporary suspension of any statutes or ordinances, over which the province or state has jurisdiction, that impede the implementation of the responsibilities described in this subsection.

“(b) REQUEST ASSISTANCE.—The authorized representative of a party jurisdiction may request assistance of another party jurisdiction by contacting the authorized representative of that jurisdiction. These provisions only apply to requests for assistance made by and to authorized representatives. Requests may be verbal or in writing. If verbal, the request must be confirmed in writing within 15 days of the verbal request. Requests must provide the following information:

“(1) A description of the emergency service function for which assistance is needed and of the mission or missions, including but not limited to fire services, emergency medical, transportation, communications, public works and engineering, building inspection, planning and information assistance, mass care, resource support, health and medical services, and search and rescue.

“(2) The amount and type of personnel, equipment, materials, and supplies needed and a reasonable estimate of the length of time they will be needed.

“(3) The specific place and time for staging of the assisting party’s response and a point of contact at the location.

“(c) CONSULTATION AMONG PARTY JURISDICTION OFFICIALS.—There shall be frequent consultation among the party jurisdiction officials who have assigned emergency management responsibilities, such officials collectively known hereinafter as the International Emergency Management Group, and other appropriate representatives of the party jurisdictions with free exchange of information, plans, and resource records relating to emergency capabilities to the extent authorized by law.

“Article IV—Limitation

“Any party jurisdiction requested to render mutual aid or conduct exercises and training for mutual aid shall undertake to respond as soon as possible, except that it is understood that the jurisdiction rendering aid may withhold or recall resources to the extent necessary to provide reasonable protection for that jurisdiction. Each party jurisdiction shall afford to the personnel of the emergency forces of any party jurisdiction, while operating within its jurisdictional limits under the terms and conditions of this compact and under the operational control of an officer of the requesting party, the same powers, duties, rights, privileges, and immunities as are afforded similar or like forces of the jurisdiction in which they are performing emergency services. Emergency forces continue under the command and control of their regular leaders, but the organizational units come under the operational control of the emergency services authorities of the jurisdiction receiving assistance. These conditions may be activated, as needed, by the jurisdiction that is to receive assistance or upon commencement of exercises or training for mutual aid and continue as long as the exercises or training for mutual aid are in progress, the emergency or disaster remains in effect or loaned resources remain in the receiving jurisdiction or jurisdictions, whichever is longer. The receiving jurisdiction is responsible for informing the assisting jurisdictions of the specific moment when services will no longer be required.

“Article V—Licenses and Permits

“Whenever a person holds a license, certificate, or other permit issued by any jurisdiction party to the compact evidencing the meeting of qualifications for professional, mechanical, or other skills, and when such assistance is requested by the receiving party jurisdiction, such person is deemed to be licensed, certified, or permitted by the jurisdiction requesting assistance to render aid involving such skill to meet an emergency or disaster, subject to such limitations and conditions as the requesting jurisdiction prescribes by Executive order or otherwise.

“Article VI—Liability

“Any person or entity of a party jurisdiction rendering aid in another jurisdiction pursuant to this compact are considered agents of the requesting jurisdiction for tort liability and immunity purposes. Any person or entity rendering aid in another jurisdiction pursuant to this compact are not liable on account of any act or omission in good faith on the part of such forces while so engaged or on account of the maintenance or use of any equipment or supplies in connection therewith. Good faith in this article does not include willful misconduct, gross negligence, or recklessness.

“Article VII—Supplementary Agreements

“Because it is probable that the pattern and detail of the machinery for mutual aid among 2 or more jurisdictions may differ from that among the jurisdictions that are party to this compact, this compact contains elements of a broad base common to all jurisdictions, and nothing in this compact precludes any jurisdiction from entering into supplementary agreements with another jurisdiction or affects any other agreements already in force among jurisdictions. Supplementary agreements may include, but are not limited to, provisions for evacuation and reception of injured and other persons and the exchange of medical, fire, public utility, reconnaissance, welfare, transportation and communications personnel, equipment, and supplies.

“Article VIII—Workers’ Compensation and Death Benefits

“Each party jurisdiction shall provide, in accordance with its own laws, for the payment of workers’ compensation and death benefits to injured members of the emergency forces of that jurisdiction and to representatives of deceased members of those forces if the members sustain injuries or are killed while rendering aid pursuant to this compact, in the same manner and on the same terms as if the injury or death were sustained within their own jurisdiction.

“Article IX—Reimbursement

“Any party jurisdiction rendering aid in another jurisdiction pursuant to this compact shall, if requested, be reimbursed by the party jurisdiction receiving such aid for any loss or damage to, or expense incurred in, the operation of any equipment and the provision of any service in answering a request for aid and for the costs incurred in connection with those requests. An aiding party jurisdiction may assume in whole or in part any such loss, damage, expense, or other cost or may loan such equipment or donate such services to the receiving party jurisdiction without charge or cost. Any 2 or more party jurisdictions may enter into supplementary agreements establishing a different allocation of costs among those jurisdictions. Expenses under article VIII are not reimbursable under this section.

“Article X—Evacuation

“Each party jurisdiction shall initiate a process to prepare and maintain plans to facilitate the movement of and reception of evacuees into its territory or across its territory, according to its capabilities and powers. The party jurisdiction from which the evacuees came shall assume the ultimate responsibility for the support of the evacuees, and after the termination of the emergency or disaster, for the repatriation of such evacuees.

“Article XI—Implementation

“(a) This compact is effective upon its execution or adoption by any 2 jurisdictions, and is effective as to any other jurisdiction upon its execution or adoption thereby: subject to approval or authorization by the United States Congress, if required, and subject to enactment of provincial or State legislation that may be required for the effectiveness of the Memorandum of Understanding.

“(b) Any party jurisdiction may withdraw from this compact, but the withdrawal does not take effect until 30 days after the governor or premier of the withdrawing jurisdiction has given notice in writing of such withdrawal to the governors or premiers of all other party jurisdictions. The action does not relieve the withdrawing jurisdiction from obligations assumed under this compact prior to the effective date of withdrawal.

“(c) Duly authenticated copies of this compact in the French and English languages and of such supplementary agreements as may be entered into shall, at the time of their approval, be deposited with each of the party jurisdictions.

“Article XII—Severability

“This compact is construed to effectuate the purposes stated in Article I. If any provision of this compact is declared unconstitutional or the applicability of the compact to any person or circumstances is held invalid, the validity of the remainder of this compact and the applicability of the compact to other persons and circumstances are not affected.

“Article XIII—Consistency of Language

“The validity of the arrangements and agreements consented to in this compact

shall not be affected by any insubstantial difference in form or language as may be adopted by the various states and provinces.

“Article XIV—Amendment

“This compact may be amended by agreement of the party jurisdictions.”.

SEC. 2. INCONSISTENCY OF LANGUAGE.

The validity of the arrangements consented to by this Act shall not be affected by any insubstantial difference in their form or language as adopted by the States and provinces.

SEC. 3. RIGHT TO ALTER, AMEND, OR REPEAL.

The right to alter, amend, or repeal this Act is hereby expressly reserved.

RECOGNIZING RADIO FREE EUROPE/RADIO LIBERTY'S SUCCESS IN PROMOTING DEMOCRACY AND ITS CONTINUING CONTRIBUTION TO UNITED STATES NATIONAL INTERESTS

Mr. REID. Mr. President, I ask unanimous consent that the Senate proceed to the consideration of Calendar No. 281, S. Con. Res. 92.

The PRESIDENT pro tempore. The clerk will report the title of the concurrent resolution.

The legislative clerk read as follows:

A concurrent resolution (S. Con. Res. 92) recognizing Radio Free Europe/Radio Liberty's success in promoting democracy and its continuing contribution to United States national interests.

There being no objection, the Senate proceeded to consider the concurrent resolution.

Mr. REID. Mr. President, I ask unanimous consent that the concurrent resolution be agreed to, the preamble be agreed to, the motion to reconsider be laid upon the table, and any statements relating to the concurrent resolution be printed in the RECORD.

The PRESIDENT pro tempore. Without objection, it is so ordered.

The concurrent resolution (S. Con. Res. 92) was agreed to.

The preamble was agreed to.

The concurrent resolution, with its preamble, reads as follows:

S. CON. RES. 92

Whereas on May 1, 1951, Radio Free Europe inaugurated its full schedule of broadcast services to the people of Eastern Europe and, subsequently, Radio Liberty initiated its broadcast services to the peoples of the Soviet Union on March 1, 1953, just before the death of Stalin;

Whereas now fifty years later, Radio Free Europe/Radio Liberty (in this concurrent resolution referred to as “RFE/RL”) continues to promote democracy and human rights and serve United States national interests by fulfilling its mission “to promote democratic values and institutions by disseminating factual information and ideas”;

Whereas Radio Free Europe and Radio Liberty were established in the darkest days of the cold war as a substitute for the free media which no longer existed in the communist-dominated countries of Central and Eastern Europe and the Soviet Union;

Whereas Radio Free Europe and Radio Liberty developed a unique form of international broadcasting known as surrogate broadcasting by airing local news about the countries to which they broadcast as well as providing regional and international news,

thus preventing the communist governments from establishing a monopoly on the dissemination of information and providing an alternative to the state-controlled, party dominated domestic media;

Whereas the broadcast of uncensored news and information by Radio Free Europe and Radio Liberty was a critical element contributing to the collapse of the totalitarian communist governments of Central and Eastern Europe and the Soviet Union;

Whereas since the fall of the Iron Curtain, RFE/RL has continued to inform and therefore strengthen democratic forces in Central Europe and the countries of the former Soviet Union, and has contributed to the development of a new generation of political and economic leaders who have worked to strengthen civil society, free market economies, and democratic government institutions;

Whereas United States Government funding established and continues to support international broadcasting, including RFE/RL, and this funding is among the most useful and effective in promoting and enhancing the Nation's national security over the past half century;

Whereas RFE/RL has successfully downsized in response to legislative mandate and adapted its programming to the changing international broadcast environment in order to serve a broad spectrum of target audiences—people living in fledgling democracies where private media are still weak and do not enjoy full editorial independence, transitional societies where democratic institutions and practices are poorly developed, as well as countries which still have tightly controlled state media;

Whereas RFE/RL continues to provide objective news, analysis, and discussion of domestic and regional issues crucial to democratic and free-market transformations in emerging democracies as well as strengthening civil society in these areas;

Whereas RFE/RL broadcasts seek to combat ethnic, racial, and religious intolerance and promote mutual understanding among peoples;

Whereas RFE/RL provides a model for local media, assists in training to encourage media professionalism and independence, and develops partnerships with local media outlets in emerging democracies;

Whereas RFE/RL is a unique broadcasting institution long regarded by its audience as an alternative national media that provides both credibility and security for local journalists who work as its stringers and editors in the broadcast region; and

Whereas RFE/RL fosters closer relations between the United States and other democratic states, and the states of Central Europe and the former Soviet republics: Now therefore be it

Resolved by the Senate (the House of Representatives concurring), That the Congress—

(1) congratulates the editors, journalists, and managers of Radio Free Europe/Radio Liberty on a half century of effort in promoting democratic values, and particularly their contribution to promoting freedom of the press and freedom of expression in areas of the world where such liberties have been denied or are not yet fully institutionalized; and

(2) recognizes the major contribution of Radio Free Europe/Radio Liberty to the growth of democracy throughout the world and its continuing efforts to advance the vital national interests of the United States in building a world community that is more peaceful, democratic, free, and stable.
